

## **Updated Official Statement re: Shock-A-Cone Grab and Go**

Scottsdale, Ariz. (Feb. 3, 2010) As a precautionary measure on February 1, Cold Stone Creamery locations nationwide removed all Grab and Go Shock-A-Cone ice cream containers from store shelves. After a thorough investigation and testing in conjunction with the Grab and Go manufacturer, we are confident the product is safe for consumption. As a result, the Grab and Go Shock-A-Cone product is currently being reintroduced to Cold Stone locations. Cold Stone Creamery is committed to the safety and welfare of our customers and ice cream lovers across the country. We will continue to take every measure possible to ensure the safety of all our products and our guests well being.
